River Ride

Degree of difficulty: Easy

Ride distance: Short ride 14.2km taking 1 hour; Long ride 25km taking 1.5 hours

Road surface: Bitumen

Bike type: Road, Hybrid, Mountain

0km Start at the Urunga Visitor Information Centre. There is ample all day parking there. Walk across the road to the footpath and then walk across the bridge. At the end of the bridge turn right and go under the railway bridge (not the road bridge). This brings you to Vernon Crescent. You can start riding from this point and continue along for a short distance 800m until you reach a T intersection and turn right.

800m This is Yellow Rock Road, which skirts the Kalang River for a short distance, then runs beside Back Creek, which connects the Kalang and Bellinger Rivers. Keep to the bitumen and ride past the horse stud, holiday houses and through the dairy farms and across 4 cattle grids. First cattle grid is at 4kms.

8km This is the Norco milk factory. Follow the road turning left at Norco. 200m up the road is **Raleigh Winery**, open Wednesday to Sunday. Good place to stop. Then continue straight ahead for the roundabout.

8.7km At this roundabout you can return the way you came or do the longer ride (see below) or go back to Urunga by going straight through the roundabout up the hill. Don't turn off this road.

11.5km At this 'T' intersection turn left. This is Pacific Highway. Ride to the bridge and return to the Urunga Visitor Information Centre where you started.

For a longer ride...

8.7km Go right at the roundabout, ride over the narrow bridge, follow the road through the 'S' bends for 1.75km and turn right to Mylestom. Ride past the Bellingier River Tourist Park, keeping right at all times, past the school. This road follows the river. 5km from the turnoff is Mylestom where you can surf, swim in the river pool, have a BBQ or a snack and coffee at the local general store. The surf beach is patrolled in school holidays. Return the way you came.

Coast Ride

Degree of difficulty:

Easy / Medium

Ride distance: Short ride 16km taking 1 hour; Long ride 25km taking 1.5 hours

Road surface: Bitumen (long ride has 1.5km gravel)

Bike type: Road, Hybrid, Mountain

This is a fairly flat easy ride, couple of small hills, not a lot of traffic. Take your swimmers as this is the main surfing beach. The ride can be extended if you feel energetic.

0km Start at the Urunga Visitor Information Centre and ride down the hill (Belling Street) and under the road and rail bridges. Continue on past the golf course to the 'T' intersection.

1.3km Turn right into Morgo Street and follow this road past the **Ocean View Hotel**, shopping centre (coffee shops etc are here) and the **Urunga Heads Holiday Park**, up the short steep hill and past the playing fields.

4.8km Another 'T' intersection – turn left and 200m along you arrive at a car park. Keep going east through the car park and you can enjoy the magnificent view of the coastline. This is Hungry Head. There is a turnoff just before the car park to the right which will take you down to the Surf Club if you want to swim. The hill down is steep and so is the one coming up and out. The surf beach is patrolled in school holidays. Return the way you came.

For a longer ride...

If you are adventurous there is a continuation of this ride to Wenonah Headland (3rd Headland). Go right instead of left at the 'T' intersection. Ride 1.4km and turn left into Osprey Drive and pass the Macadamia
